

ZeusPatch20090825 Installation Guide

August 25th, 2009

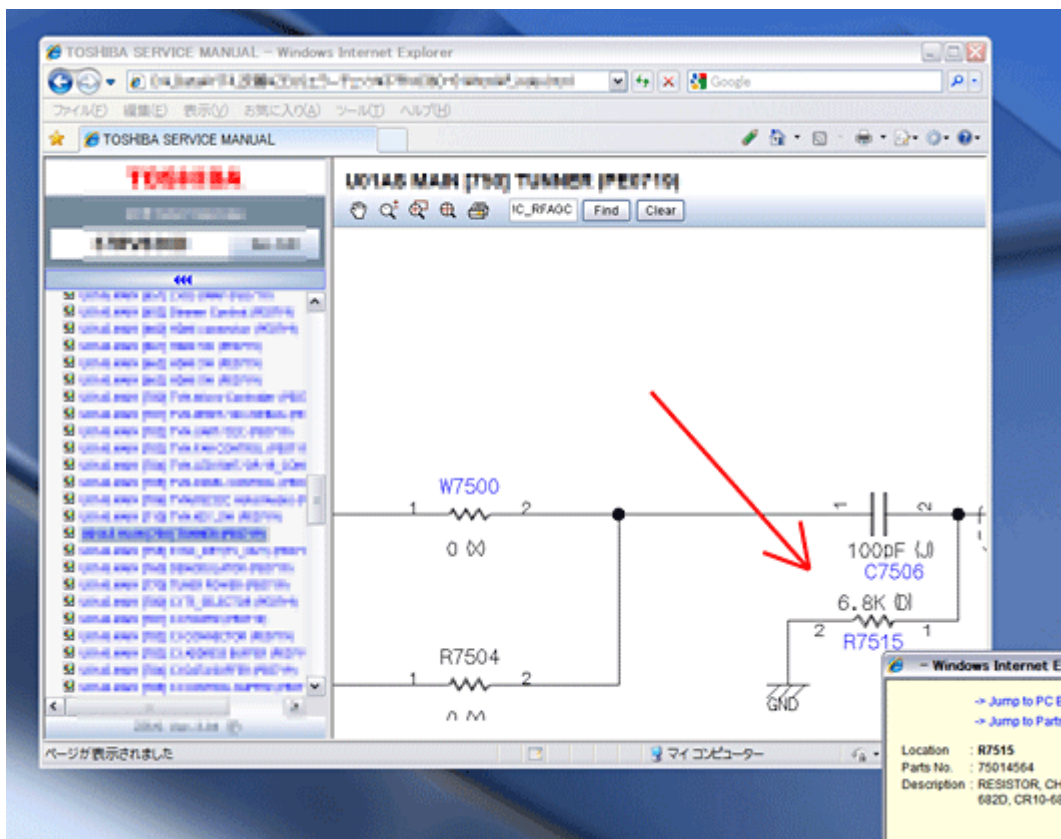

Toshiba Global Customer Service & Support – Planning

This is a patch file for ZEUS Engine Program Ver. 2 to correct the position error of Pop-up window with Internet Explorer 8 as shown below.

The ZEUS Engine Program is updated from present Ver. 2.0 or 2.01 to Ver. 2.02.

Updating information

This ZeusPatch20090825 correct the position error of Pop-up window (displayed out of the ZEUS Window) when viewing the drawing pages with Internet Explorer 8.

Note: Hereinafter, "YYYYMMDD" stands "20090825" in this guide.

1. Confirm the current version

Open some Zeus Service Manual, and confirm if “Ver. 2.0” or “Ver. 2.01” is displayed at the left bottom corner of the Menu Window.

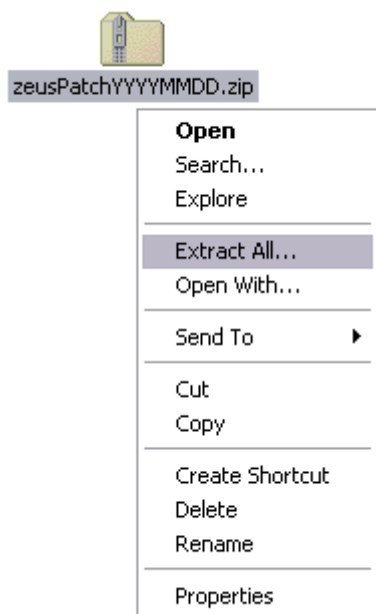

2. Copy ZeusPatchYYYYMMDD.zip to PC (e.g. Desktop Folder)

3. Unzip ZeusPatchYYYYMMDD.zip

Click ZeusPatchYYYYMMDD.zip with right button, and select “Extract All” from the Pop-up Menu.

(Unzip software is subject to your PC setting)

ZeusPatchYYYYMMDD folder will be created.

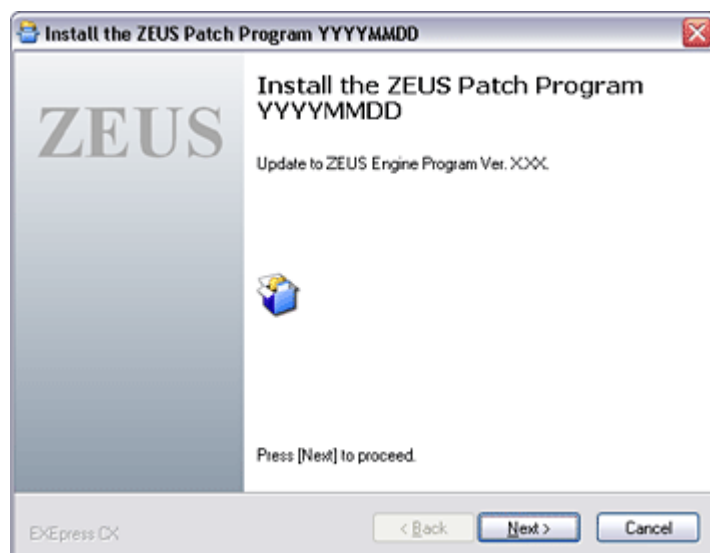

4. Install ZEUS Patch Program YYYYMMDD

Open the “ZeusPatchYYYYMMDD” folder, and double click “zeusPatchYYYYMMDD.exe”
(Subject to your PC setting, one more “ZeusPatchYYYYMMDD” is created under the
“ZeusPatchYYYYMMDD” folder. In this case, open the “ZeusPatchYYYYMMDD” again.)

The following window will be opened.

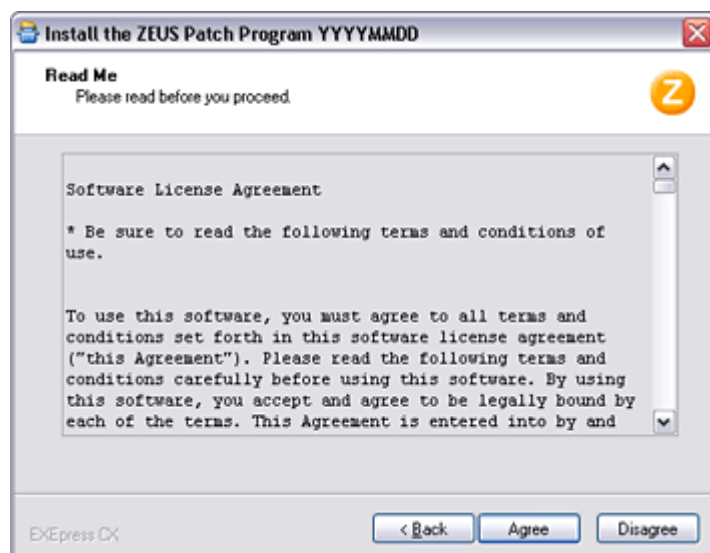

Click [Next] button to continue.

Software License Agreement window will be opened.

Click [Agree] button to continue.

(If you don't agree, click [Disagree] button, then the installation will be canceled.)

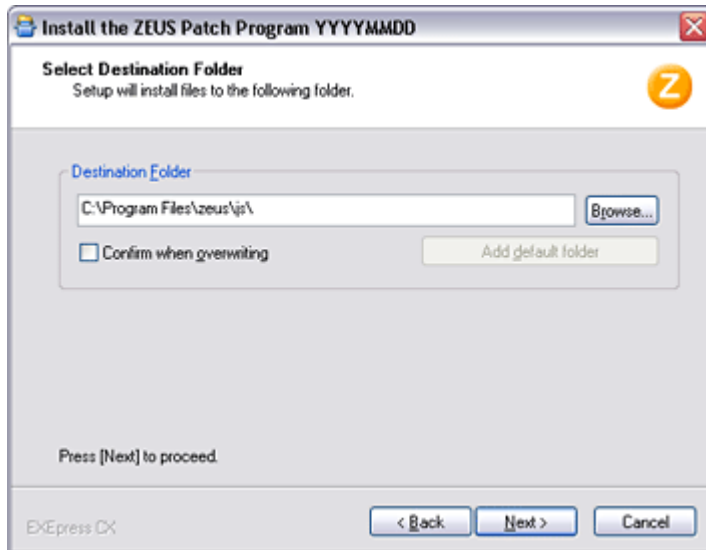

Except the following case, do not alter or change the destination Folder.

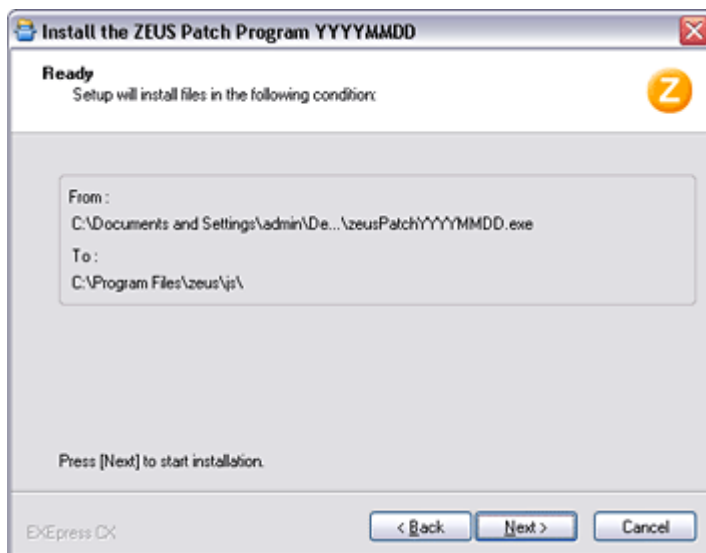

Default directory is C:\Program Files\zeus\js

* If the ZEUS Engine Program was installed in other directory than C:\Program Files\zeus\js, select the \zeus\js folder where the ZEUS Engine Program has been installed.

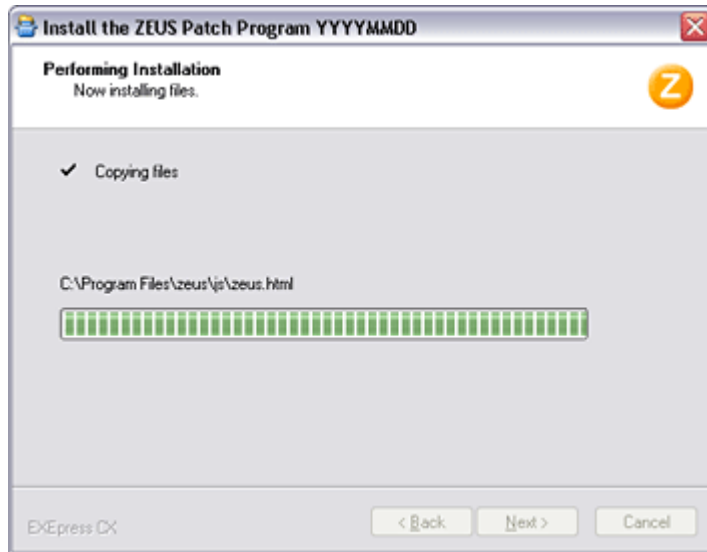

Click the [Next] button to continue.

Click the [Next] button to continue.

The installation is in progress

Click [Finish] button to complete the installation.
